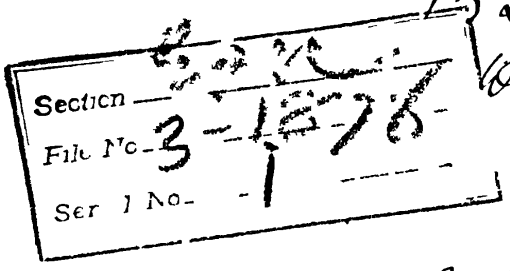
To



B. L. Rice Esq
Director of Pub Instr.
Mysore & Coorg
Bangalore

The humble petition of C. M.
Venkobarao, late Student
of the Kolar Government School

Most respectfully showeth.

That your humble petitioner was
studying in the Matriculation Class for
a period of 4 years and appeared for the
University Examination in the year 1876
but unfortunately failed. He was still
continuing his study privately for the same
although he was prevented from attending
School owing to some inconvenience, he
~~most~~ submissively begs to bring his humble
into your honor's kind

Being now given to understand that Mr Secretary Rao, A.A. Asst Master has been transferred from Kolar, Your humble Petitioner begs to put forth his Claims before your honor, for the same as he has often acted on substitute during the time of Mr Birch

Finally he most humbly begs Your honor to be graciously pleased to Confer on him the said Vacancy.

For which act of Munificence and generosity, he shall, as in duty bound, ever be grateful

Sir

In reply to your No 3549 calling for a report on the enclosed Petition, I beg to say that I have made enquiries and find the statements in the petition correct C R Venkoba Rao attended the School here for several years and thus gives him some claim on the Education Department He has been 2 years away from School trying to get employment without success If he had passed his Matr Examination, as if he had attended School during the last two years I should recommend him to get the Vacancy

2 E Laxshmana Rao a Student in my Class, very poor, dependent on an uncle, and as far as I can learn, deserving of Encouragement, has applied to me for the Vacancy, and asked for Seshagiri Rao while in Bangalore lately I did not promise him the vacancy, but I quite intended to appoint him to act, if left to me, and to request your Confirmation afterwards

I shall be glad if you will appoint the man to the vacancy but if you think the other man has a prior [redacted] be content with your decision

Sir I forward herewith the Enclosed letter from my 2nd Asst
Mr Rees to point out the apparent cause of error in this
and other cases. In making some transfers and
appointments Mr Rees added the words "to have
effect from the 1st of April" Some of these men thought
this Docket entitled them to draw pay from the 1st of
April, tho they joined the Depart, & took up their Apts
8 or 10 days afterwards My former Asst Puttanna
wrote from Mysore claiming 2 days pay for work done
by my present Asst Rangappa, after he had gone away
saying that the writers in your office gave this interpretation to Mr Rees' Dockets, and the H Master of
Chinnapatam evidently acted accordingly

Most Honoured Sir,

I, the undersigned, most humbly beg leave to submit that I was working for 2 days in April ie on the 1st & 2nd in the Chamarajapatam School & have to get my pay for those days from the said School – When I had been to Chamarajapatam during the last vacation, I requested the Head Master there, to give my pay for the days I served under him in April, I was in reply informed that it was given to my Successor & that I should get it from the Kolar School In my humble opinion, I beg to state that I see no reason to claim it from the Kolar School & therefore request your honour to be good enough to order Mr. Buchan to send me Rs 1-5-4 by a Transfer Receipt

For this act of kindness, I shall for ever be grateful to your honour

I beg to remain,

Sir

The subject of School fees is a most difficult one to settle, and therefore I have taken time to make careful enquiry since I received your 3 Dockets enclosing Petitions from 3 candidates for a free education

Some native boys can tell a tale of poverty and distress as pathetic and plausible as any Irish beggar-woman and yet are well able to pay their School fee

This School has been in a state of depression for some years, and boys in the upper classes had their fees paid for them as an inducement to attend School, especially when the Inspector or other superior officer was expected

For these reasons I think a slight relaxation of the rule regarding fees should be made in favor of this School, and therefore I beg to recommend the following boys as free Scholars [redacted] of their regular attendance [redacted] conduct:-

13 N Garuda Charu

This is a very promising boy of my Class, and he has paid his fee regularly up to last month when his Father died, and he and several others in family were left destitute

2 G Shamanna

This boy is the best in the 2nd Class, very deserving and very poor

v 3 Seeacharu

This is the first boy in the 4th Class He is very poor and very deserving.

The above 3 boys have a claim in this School being residents of this place and belonging to the School for years They will beg the price of their Text Books from gentlemen of the Station

2 v B Venkat-Row

This boy is in my Class and has paid his fee hitherto I think he can pay it still as he is living with a rich relative and therefore I cannot recommend the remission of his fee His petition, received No 885 is enclosed

C Narasimmiah

This

Chennapatana mth my 2nd Assistant
He is fit for the 1st Class and very anxious
to learn, but as he has no claim on this
School, and as I have recommended 3 boys
already I feel unwilling to ask you to
make him free His petition received with
your No 992 is enclosed
V L Narsappa

This boy, or man rather, has been
away at Bangalore or elsewhere and has
not returned yet, and therefore I was unable
to make the personal enquiry directed in
your Docket. His father is well to do but
refuses to pay his fee, and as he has no claim
on this School I cannot recommend him
He has a wife and one or two children, and
came here from Mysore where he was a
free scholar, and whither he may return
His petition received with your No 240
is enclosed

removing 8 scholars from
the revised free list

The undersigned begs to say
that the carrying out of this
very summary order is
likely to injure the
popularity of his School,
and to be felt severely
by the 8 boys concerned,
as it takes away at a
stroke a prescriptive
right which they have

The undersigned begs a little delay in the
the names of these boys, & dismissing them
from School, and suggests the following course -
That Mr. Burch be called upon to shew how
they were made free, and why
If he cannot give a satisfactory reason, then
the 8 boys might have a months notice given
them before striking off their names
they will prepare them for their dismissal,
or give them time to obtain free schooling
in the authorized way, if they choose to do

Most Honoured Sir,

With due respect and humble submission, I, the undersigned, humbly beg leave to submit that some two months ago I had requested your honor to order the Head Master of the Chamrajpet and School to send me my two days' pay due to me from that School for April 1879 & that I have been favoured with no reply. I beg to remind your honor once more about it

For this act of kindness I shall, for ever, feel grateful

To R. G. Hodson Esquire
Director P. Instruction.

Sir I beg to submit the following explanation in reference to your No 1118 of the 21st

1. May is an exceptional month; School begins in the middle of the month and probably some boys remain absent to avoid paying the fee.
2. Three boys were allowed to attend without paying the fee pending a reference to you which has since been made, and they are now free.
3. Nine of the non-paying boys are free-Scholars, and the above Three will make the number of fee scholars 12.
4. In the highest class there were 2 fee Scholars, one was attending pending reference, and one paid his fee too late to be entered that month.

In conclusion I beg to say that the School fees since I took charge in February will bear a favorable comparison with the preceding fees; and I hope to improve still more, if my health continue good.

I am Sir
Your obedt Servant

from all enquiries made in Kolar the result is that the boys' brother has not the means of paying the boys fee

2 The father of both these boys lives in the Arcot District, and cultivates a small garden for the support of his family, but whether he has the means of paying this little boys School fee is not known, and therefore the undersigned recommends that the boy be allowed the benefit of the doubt, by making him a free Scholar for the remainder of the year, or until it is known that he can pay for his Education

No 244

To R G Hodson Esqure
Ductor P Instruction

Sir While agreeing with the Dy Inspector that a goodd Teacher should influence his scholars not only in School, but out of School, and in their homes also, I regret to say he has made an unfair, and unfounded report in the para forwarded with your No 2417 of the 12th Inst

The Inspectrs Report, as well as his remarks to myself and the other Teachers on the state of the School, have been fair and just, except in this one instance, and he will I am sure regret to hear he has done an act of injustice to my 1st and 2nd Assistants, who have proved to me beyond doubt, by shewing me the work, that both before the Examination and since, their custom was and still is to get work done at home by their Classes

2 The para in question applies to my 3rd Asst only, and he has been warned to amend his ways

3 The spirit of your comment on para 5 is quite just, but our working day is not "4½ hours" — it is 5 hours and sometimes more, out of the 12, — I was up the working day — an of "24 hours" is probably a slip

Sir

My health, and my wife's also, has suffered so much since our arrival at this Station, that I have decided to take advantage of the relaxation in the Pension Rules, now in force, and I therefore request permission to retire from the 1st January next, on the Pension allowed for 15 years service

In connection with this subject I beg to make the following requests, and hope you will be kind enough to give me your assistance

1 I wish to leave Kolar for Bangalore on Dec 1st if you will kindly give me 15 days casual leave I will hand over charge to K Rangappa, and arrange with him for carrying on the School till the 15th when the Holidays will commence

2 I request next that you will be kind enough to recommend me for 6 months' leave on Medical Certificate from January 1st 1880, and at the end of this leave I shall be ready to take my pension

I make no claim whatever to this leave, but request it as an indulgence from a just and considerate Government; and I beg to add the following to shew that I am not altogether unworthy of the indulgence.—

(a) On the 1st January next I shall have [redacted]
14 years and 7 months, and during this service I
have had leave only twice viz 3 months' Privilege
Leave" to Coonoor in 1874 when leaving the Depot,
and 2½ months' leave on Medical Certificate in 1874
from Chitaldrug during the terrible Famine

(b) I have done my work honestly in the 3
schools of which I have had charge, and beg
to refer to the Visitors' Books, and to the Reports
of the Inspectors, to shew that my labors have
been duly appreciated

(c) In 1873, I think, a Committee, of which Mr
Rice was President, sat at Bangalore for
the purpose of reporting on the School Books
used in all the Schools in the Mysore Province
Having been familiar for many years, with
Hindustani School Books and Literature generally,
and in a less degree with Persian Books also,
I made an offer to Mr Rice, which was gladly
accepted, of sending him specimen translations
and criticisms, of as many of the Books as
I could procure Mr Rice accordingly sent me a
printed list of all the Hin and Persian Books
the Committee were to report on

I bought as
of these Books as I could find, and

Mr Rice 13 sheets of Foolscap filled with specimen translations and reviews of these Books, some of which were very indecent and filthy I may add that I received no payment for this, nor even for the Books I purchased, nor for the Munshi I hired to help me in cases of doubtful meaning, or illegible type

The work was a "labor of love in the interests of Education, and I mention it here, not to obtain payment, but to shew that I have done more work than the Public are aware of, and that I am not unworthy of a little consideration I beg to add that Mr Rice gave me a printed copy of the Committees Report, and that the remarks opposite the Persian & Hin Books in the same are taken from my reports or translations

(d) In addition to the above I beg to say that I have, several times during the last 5 years, reported on Persian and Hin Books offered to Mr Rice by natives for the Education Department, and that by reporting on them and sending in specimen translations I have been of some little use, not only to Mr Rice, but to the Government also

3 If you will kindly submit the above to the Chief Commissioners notice I shall be much obliged Mr Gordon's decision on my case in 1874 was just and merciful, and whether he is pleased to grant the leave now asked for, or to refuse it, I shall willingly acquiesce in his judgement

4. In case Mr Gordon should think it right to refuse my request of 6 months' leave, I beg that 3 months sick leave, pending Pension, may be given me from Jan 1st 1880 This I trust is not asking too much, and if granted will "let me down gently" from Rs 200 a month to Rs 66

Sir I beg to forward as requested my Service Book and Statement of Leave Mr Candy was asked to sign the former at Toomkur, but not being accustomed to the business he left it to Mr. Marsden who on arrival was appointed elsewhere This explains why the Service Book is unsigned by any superior officer.

2 My letter of the 27th September being entirely about myself, I did not copy it into the Letter Book as usual, and for the same reason I did not number it moreover I wished you to be free to make what use of it you thought proper

3 As I am over 55 (nearly 58), and as I am requesting pension under the relaxed Pension Rules, I hope the leave I have had will not be any bar to the requests made in my letter of the 27th September last

Sir

In reply to your No 2903, I have very little to add to the full explanation contained in the Can: letter sent to me, and herein returned As far as I can understand the matter there seems to be a mistake in your Office, or in the Inspectors' Office, on this subject of Fees, and under this mistake the Can: Head Master has been threatened once, and the Telugu Head Master twice, for delaying the Fees, when there was no delay at all

2 Since receiving your order to collect the School Fees in Advance, and pay the amount into the Treasury during the same month I have invariably done so, both in my own School, and the three Vernacular Schools The Treasury Receipt for these Fees remains in my possession till the next month, and is then accounted for in the Cash Account and Progress Reports This Receipt can be forwarded when obtained from the Treasury if necessary

I am Sir
Your Obed: Servant

Kolar High School

From - The Head Master
Kolar High School -

To -

The Director of Public Instruction
in Mysore and Coorg
Bangalore

Sir

I beg to express my thanks to you for the additional assistant you have kindly appointed to this School -

2 as the additional assistant Vasudevayya, comes here on the 1st of May viz Rs 20/- as that of my 2nd assistant Shastrapah may I make this fact the basis of proposing that a slight distinction, otherwise than that of "designation", be made between the relative position of the two, by your kindly sanctioning an increase of Rs 5/- to the pay of 2nd assistant Shastrappa -

3 Shastrappa is a good, hardworking teacher - His abilities are of no mean, not unknown to you my predecessor spoke very much of him, and I find him a valuable, painstaking teacher -

4 May I ask also that Shastrappa's pay for the first two days in April 1879, when in connection with the Chennapatam School, be disbursed to him - He states that he has written about it several times and that the last reply he received was a Docket from the Director's Office, enquiring for the Dates of the period for which pay is claimed -

I beg to remain
Sir
Your very obedient Servant,
R Cumming
